

5th NECLIME working group on taxonomy of Neogene palynomorphs

Venue:

Faculty of Engineering, Dumlupınar University in Kütahya
Evliya Çelebi Campus
43100 Kütahya
Kütahya

Date:

22-25 October 2014

Accommodation:

We will book for all participants in the university guesthouse. It is in a walking distance to the Faculty of Engineering.

Please indicate the days of arrival and departure:

Accommodation is around **10 Euro per day** (for single and double rooms).

Schedule:

Wednesday October 22nd (evening)

Arrival of Participants

-Dinner at a restaurant in Kütahya

Thursday October 23rd

Conference hall at the Faculty of Engineering Dumlupınar University

9:30 – 10:30

Opening Ceremony

(Mehmet Serkan AKKIRAZ)

Introduction, reports and NECLIME news

(Torsten Utescher, Dimiter Ivanov)

10:30 – 12:30

Palaeoflora and Climate of lignite-bearing Lower-Middle Sediments in the Seyitömer and Tunçbilek Sub-basins, Kütahya Province, Northwest Turkey

(Mehmet Serkan Akkiraz, Funda Akgün, Torsten Utescher, Volker Wilde, Angela Bruch, Volker Mosbrugger & Sariye Duygu Üçbaş)

Taxonomic Synthesis of Evergreen and Deciduous *Quercus* (Fagaceae) from the Oligocene, Early Middle Miocene and Early Pliocene of Turkey: evidence from LM studies

(Funda Akgün & Mine Sezgül Kayseri-Özer)

SEM studies on selected pollen grains from the Bulgarian Neogene

(Dimiter Ivanov)

Pollen morphology of the Genus *Quercus* L. in Southwest Asia

(*Alla Hayrapetyan, Angela A. Bruch, and Torsten Utescher*)

***Quercus* fossils from the Miocene in eastern Zhejiang, China**

(*Bainian Sun*)

12:30 – 14:30

Lunch -Restaurant university

Coffee+cake (Conference Hall)

14:30 - 17:30

Round table -discussion following topics of the NECLIME working group on taxonomy of palynomorphs

- Updates of the Palaeoflora Database: Morphotaxa and their NLRs included in the volumes of the Atlas of Pollen and Spores of the Polish Neogene (L. Stuchlik, ed.)
- Critical palynomorph taxa related to taxonomy and their climatic interpretation
- Re-evaluation of Quercoid pollen using LM/SEM
- Open topics
- Microscopy - recent and fossil palynomorphs (please bring your slides).objectives for the next meeting

Friday October 24th

9:00-9:30

Breakfast at the university guesthouse

9:45

The NECLIME Field Trip (Kütahya-Tunçbilek Sub-basin), under the guidance of Mehmet Serkan Akkiraz and Sariye Duygu Üçbaş.

12:00 – 14:00

Lunch at the Tunçbilek restaurant (Tunçbilek subbasin)

14:00

The NECLIME Field Trip (Kütahya-Seyitömer Sub-basin), under the guidance of Mehmet Serkan Akkiraz and Sariye Duygu Üçbaş). Mound of Seyitömer town will also be visited to see the findings of early Bronze Age, Hititite, Hellenistic and Roman periods.

19:00

Dinner at a restaurant in Kütahya

Saturday, October 25th
