

**Meeting of the NECLIME working  
group on taxonomy  
May 24, 2011, Budapest, Hungary**

Dear colleagues and members of NECLIME,

We are pleased to announce the programme and schedule of the Workshop of the Taxonomy working group held in Budapest on May 24, 2011.

The workshop will take place in the Botanical Department of the Hungarian Natural History Museum. Its location, Könyves K. körút 40, is indicated on the map attached. We plan to start around 9:00 a.m. with presentations (**ca. 20 min.**, 10 min. discussion). There will be time for extensive discussion after lunch break.

Please contact Boglárka Erdei (erdei@bot.nhmus.hu) if you need any assistance and do not hesitate to contact both of us for any other concern or with any suggestion.

Please let us know your intended date and time of arrival and your accommodation.

We are looking forward to seeing you all in Budapest.

Yours,  
Boglárka Erdei and Torsten Utescher

## Workshop of the Taxonomy working group, May 24, 2011

### Schedule:

#### Morning:

9:15 Introduction

9:30 **Torsten Utescher**: NLR concepts and their implication on palaeoclimate reconstructions using the CA – where we are now.

10:00 **Zlatko Kvaček**: Novelties in the taxonomy of European Tertiary plants.

11:30 coffee break

11:00 **Yaowu Xing**: The Neogene vegetation of Yunnan Province, southwestern China.

11:30 **Dieter Uhl**: The potential use of phylogenies to find close relatives of Cenozoic plant taxa - seen from a palaeoclimatic perspective.

12:00 **Louis François**: Current status of the new plant functional type classification developed in the CARAIB dynamic vegetation model for the study of the Neogene.

12:30 lunch break

#### Afternoon:

14:00 Discussion –  
open end -

The venue can be reached by Metro line 3 (station “Népliget”) and a couple of minutes’ walk (see map below).

From train stations it is easily accessible. From Nyugati train station by Metro line 3; from Déli train station by Metro line 2 with a change to Metro line 3 at station “Deák tér”.

From the airport by public transport (busline) to Metro line 3, or by airport minibus/taxi.
